

Model Display

Mouse actions

- **Scroll Wheel**
 - Zoom in/out
- **Left-click and drag**
 - Move
- **Right-click and drag**
 - Rotate

Scroll Bars

Only available after a model is sliced. The scroll bars located along the top and down the right of this area are used to view the different layers and paths of the print when in “Models+Paths” or “Paths” view after slicing. Use the vertical scroll bar to view the different layers and the horizontal scroll bar to view the paths in the selected layer.

Information

Note this will only be displayed when the Menu/Preferences/Display Options/Show Summary Text box is checked

- **Top left**
 - memory used
- **Top right**
 - Selected Printer
 - Selected Style
 - Selected Support
 - Selected Materials and after slicing, material usage
