

Quick Start

Installation

- Download the ZIP file from here: [Download KISSlicer](#)
- Create a folder on your PC and unzip the program to that folder
- Run the Kisslicer program

Preconfigured Profiles

If your printer already has a profile here: [Preconfigured Profiles](#) then download the profile folders and move them into your KISSlicer folder

Configuring Without Profiles

- Open KISSlicer
- Use the [Wizards/Create Profile Wizards](#) to set up the profiles for your printer
- When you have finished tuning please help others by uploading your profiles to the [KISSlicerTalk Forum](#)
